Schedule B

Decision making and principles of Consensus building

The Board will strive to arrive at decisions by consensus.

CONSENSUS.... Principles

It is important that all Board members be familiar with and subscribe to certain basic elements that are important in developing consensus on difficult and complex issues. The following principles will apply to the process:

- a) The purpose of the negotiations is to agree.
- b) Board members agree to act in “good faith” in all aspects of the negotiations.
- c) Board members accept the concerns and goals of others as legitimate.
- d) The focus will be on interests and concerns rather than on positions and demands.
- e) Board members commit to fully explore issues, searching for solutions in a problem-solving atmosphere.
- f) Board members shall faithfully endeavour to reach decisions which best serve the welfare of the community rather than the welfare of a particular organization or group.

CONSENSUS and Decision Making Process

Consensus is defined as general agreement by all Board members or lack of expressed objection by any Board members. The aim is to reach consensus on recommendations relating to all issues addressed by the Board. The Minutes of a meeting will be presented at the following meeting giving Board members an opportunity to reaffirm the consensus previously reached. If the Board is unable to achieve consensus on specific issues or planning options;

- a) The dissenting Board member(s) will pinpoint the area of disagreement so that the exact nature of the disagreement can be determined (i.e. is it a difference over wording or is it a more substantive disagreement on a matter of principle?)
- b) The secretary will note the details of the disagreement in the minutes and will read them back to ensure correctness.
- c) If it is a matter of wording, the chairperson will entertain different wording proposals to determine if consensus can be reached.

d) If it is a matter of principle:

1. The dissenting Board member(s) will be asked to prepare a written report as soon as possible outlining his/her differences with other Board members and the reasons for the disagreement.
2. If possible, the report will contain an alternative to the position held by most Board members and background documentation to support that alternative.
3. The chairperson will again place the issue before the Board to determine if consensus can now be achieved.
4. If, after the above, consensus is still not achieved, the following “fallback” procedure will apply:
 - i. a “Disputes Mediator”, jointly agreed to by the Board will be asked to help resolve the differences.
 - ii. If, with the assistance of the Disputes Mediator, the differences are still not resolved, the matter will be resolved by a majority rule vote, and:
 - all details of the differences will be recorded in the minutes of the meetings. Also attached to the minutes will be the report submitted by the dissenting Board member(s).
 - that part of the issue in dispute will be recorded as having been settled by majority vote due to lack of consensus.
 - where the issue involves the main planning options of a change to the existing, or a new Community Action Plan for Clean Air (CAPCA), the report of the dissenting Board member(s) shall form part of the revised or new Plan.
